

# Creating student accounts

1. Sign in to your Math Buddy Teacher account.

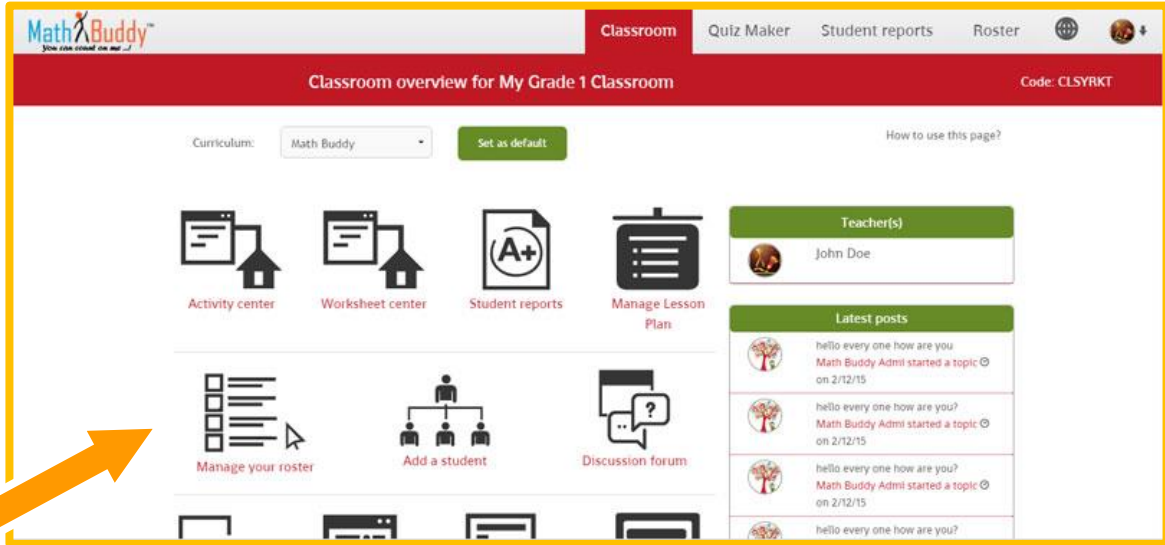

If you don't know your username and password, contact us at [support@mathbuddyonline.com](mailto:support@mathbuddyonline.com).

2. Once you login, you will see the Teacher Dashboard which will show you the classrooms you are associated with. If you have an individual teacher account which is not part of a school (site) account, and you do not see any classrooms listed, you can click on the + sign above the table to create your classroom.

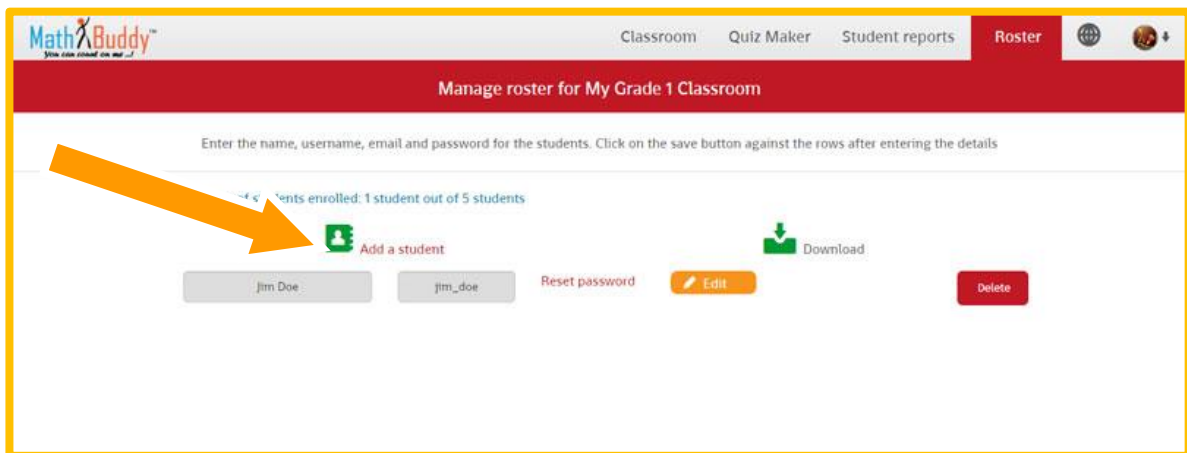

# Creating student accounts

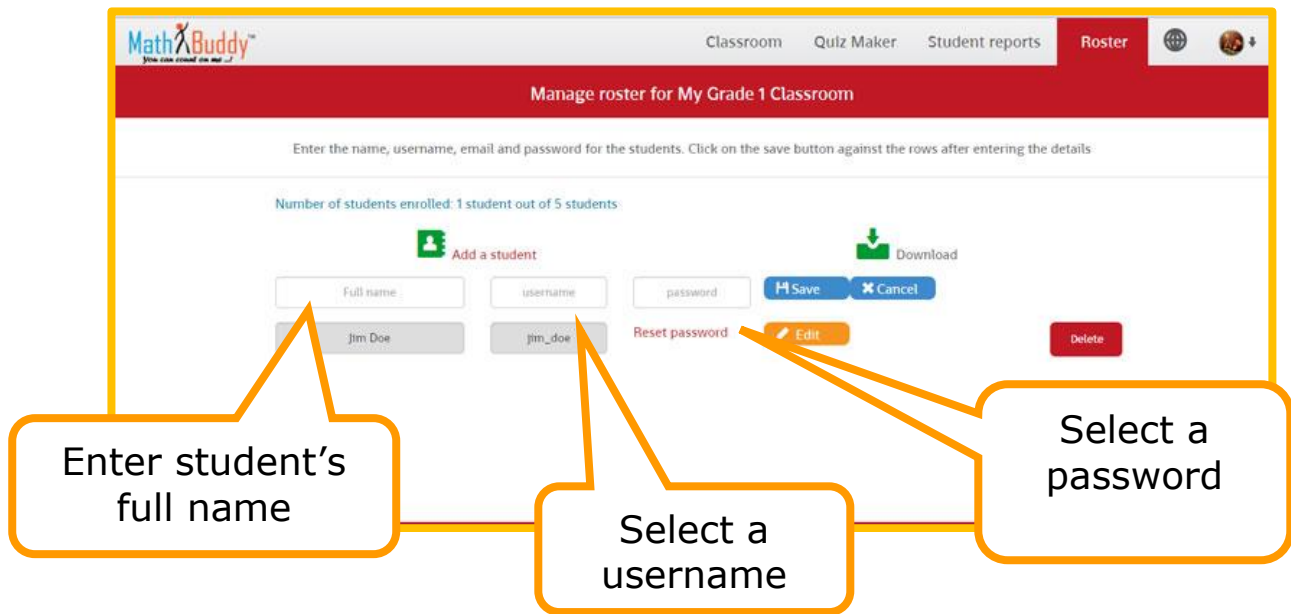

- Click on a classroom to enter that classroom. Here you will see all the features associated with that classroom. To create the student roster, click on the “Manage your Roster” link shown below.

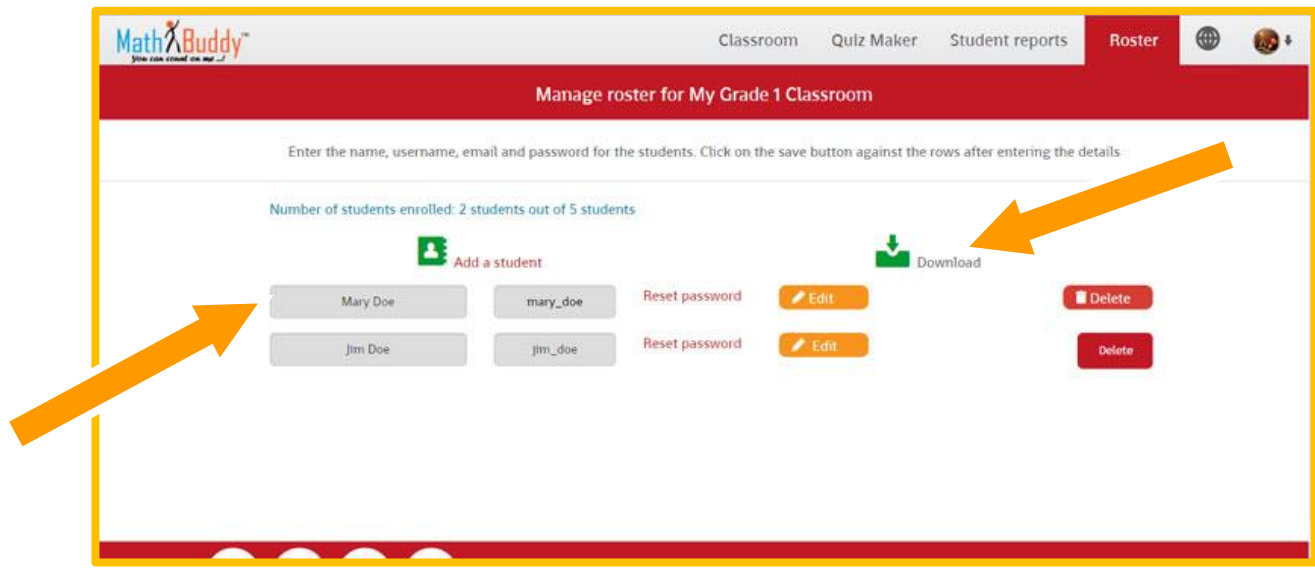

- You will see the students already enrolled in the class.

- To add a new student, you can click on “Add a student”. Then you can enter the name, username and password for the new student and click on “Save”.

6. Once you click on the Save button, an account is created for the student and is added to the classroom.

7. You can add more students to the classroom by repeating the same procedure.
8. You can download the list of students and their usernames to an excel file by clicking on the Download button.
9. If any student forgets his/her password, you can always reset their password using the Roster.
